UCD MSc in Computer Science (Negotiated Learning)

Internship Performance Appraisal

FAO Student Line Manager: Thanks again for hosting a student as part of our internship programme. Please can you complete this form and email it to andrew.hines@ucd.ie (Internship Academic Coordinator) with the Subject: *Internship Appraisal* by 16 August 2019.

Intern Name: Gregoire Coxin   **Industry Supervisor:** Xavier Philippe

Performance Rating Categories: Consider the intern's performance in each category and designate the level that most accurately describes that performance.

- **Outstanding.** Intern consistently went far beyond position expectations.

- **Exceeded Expectations.** Results clearly exceeded position requirements on a regular basis. Performance was consistently of very high quality.

- **Met Expectations.** Competent & dependable performance level.

- **Below Expectations.** Intern did not meet performance objectives on a regular basis.

- **Unsatisfactory.** The quality of the intern's work or standard of the intern's behavior was of an unsatisfactory standard.

1. Productivity, Independence & Reliability: The extent to which an intern produced a significant volume of work efficiently in a specified period of time. Ability to work independently with little or no direction and follow-up and complete tasks.

Unsatisfactory	Below Expectations	Met Expectations	Exceeded Expectations	Outstanding
		✓		

2. Job Knowledge: The extent to which an intern possessed and demonstrated the practical and technical knowledge required for the job.

Unsatisfactory	Below Expectations	Met Expectations	Exceeded Expectations	Outstanding
			✓	

3. Interpersonal Relationships & Cooperation: The extent to which intern demonstrated the ability and willingness to cooperate, work and communicate with coworkers, supervisors, subordinates and/or outside contacts.

Unsatisfactory	Below Expectations	Met Expectations	Exceeded Expectations	Outstanding
				✓

4. Comments & Feedback

Please provide any relevant commentary on the intern's performance here.

Gregoire was able to quickly progress throughout his internship with new knowledge. He proposed new ideas to help our testing platform.
